

Student/Consumer Health Questionnaire

Parents/Guardians: Please check your child each morning. Before sending your child to school/program, these questions are required to be asked as per NJ Department of Education and Department of Health Guidelines. Your assistance is needed and appreciated. Please know that HollyDELL will also perform temperature checks upon arrival to school, also, as required. Please text your child's teacher/program manager yes or no, to questions. Thank you!

If yes to any one question, your child must stay home until there is no fever for 24 hours, without fever reducing medications and no symptoms for 24 hours.

- Does your child have a fever of 100 degrees or more?
- Sorethroat?
- **New** uncontrolled cough that causes difficulty breathing (for students/consumers with chronic allergic/asthmatic cough)? This would be a change in their cough from baseline.
- Diarrhea, vomiting, or abdominal pain?
- New onset of a severe headache, muscle aches, especially with a fever?

-
- Has your child been in close contact (less than 6 feet and for more than 10 minutes) with a known COVID 19+ individual? If yes, notify HollyDELL immediately. Quarantine is required for 14 days from date of contact.
 - Has your child been diagnosed, lab confirmed as COVID 19+? If yes, contact HollyDELL immediately. Isolation is required for a minimum of 14 days or longer, depending upon severity of illness.
 - If your child has visited a high risk state, according to the most current NJ guidelines, 14 days of self- quarantine is recommended. Notify HollyDELL.
