

HollyDELL Acceptable Use Policy

This form acknowledges that you and your child have received a HollyDELL- issued iPad and accessories (charger, protective case) for educational use. Educational use includes participation in remote academic or therapy sessions, viewing of recorded lessons, utilizing communication or educational apps, and accessing interactive games and activities. The following practices are heavily discouraged, as individual privacy cannot be guaranteed: 1) taking personal photos, 2) sending personal messages or emails, 3) attempting to change a HollyDELL-issued Apple ID, and 4) the use of any social media or product-purchasing platform. Additionally, an email address has been assigned to your child's specific iPad and is required to be maintained as the primary email address. You will find alternative assignments and Zoom meeting information sent to this address should your child be required to use the device for remote instruction. The iPad should go back-and-forth between school and home daily with each student.

In addition to the iPad, the following items have also been issued to your child for educational use both at home and in-school:
